Important Disclaimer

On February 24, 2022, the Russian Federation initiated an invasion of Ukraine and as a result the determination of the net asset value for East Capital Russia has been suspended as from 1 March 2022, and until the further notice. East Capital believes this to be in the best interests of the investors.

Given the uncertainty in market conditions it is unclear when the Sub-Fund will be able to lift the suspension and resume calculation of the net asset value. East Capital however has decided to provide indicative NAV's for information purposes only.

The Indicative NAV is not mandatory information to be disclosed under the applicable prospectus and East Capital has no obligation to prepare, distribute or publish indicative NAV's.

Please kindly note that we used our best efforts in calculation of the indicative NAV and the calculation of the indicative NAV has been done based upon the sources and materials that East Capital believes to be up-to-day, accurate and reliable. However, due to the nature of indicative NAV's and the uncertainties presented by the current situation on the markets we cannot guarantee or warrant the indicative NAV's completeness, integrity, accuracy or timeliness. The indicative NAV may not reflect the actual value of the underlying assets of the Sub-Fund or subsequent changes in the market values or prices or any other factors relevant for its determination. This variance may be substantial.

Please also note that the indicative NAV is not calculated and distributed with a purpose to solicit or recommend any investment, purchase or other transaction with respect to the Sub-Fund. East Capital has no responsibility if any investment decision will be taken based on, affected by or relied upon the Indicative NAV.

The recipients of the indicative NAV assume full responsibility for its use and are requested not to take any decision or perform any trading activity solely based on or in connection with the Indicative NAV and should contact their auditors and/or financial advisors whether and to what extent the Indicative NAV could be useful for them for any purpose.
